ERGO-Lux MP

The battery-operated LED illuminated magnifier ERGO-Lux MP with 2 brightness levels can be perfectly adjusted to individual lighting needs. The optional ERGO-Base magnifier base turns the hand-held illuminated magnifier into a convenient stand magnifier.

- 2 brightness levels to optimize the illumination

- High-contrast and homogeneous light

- 3 individual light colors to choose from (warm white - 2700 K, neutral white - 4500 K and cold white - 6500 K)

- Magnification from 2x to 6x

- Optional magnifying glass cup ERGO-Base

- Incl. microfiber bag for storing and cleaning

TWIN-Lux MP

Illuminated magnifying glass with three 4-chip LEDs available in 3 light colors with multi-power light option

The TWIN-Lux MP table magnifier is placed on the reading material and can be easily moved there. The ergonomic shape of the magnifying glass also enables a comfortable angled view with a natural sitting position. The globally unique field of view offers long-lasting reading pleasure with 3.5x magnification. There is a choice between battery and mains operation as well as 3 different light colors.

3 individual light colors to choose from (warm white - 2700 K, neutral white - 4500 K and cold white - 6500 K)

Enormously large field of view

3.5x magnification

Brilliant illumination by 3 LEDs

ÖKOLUX plus

Battery-powered illuminated magnifying glass with 4-chip LED in 3 light colors

Due to the brilliant LED illumination - bright, even and high-contrast - and a unique price-performance ratio, the battery-operated illuminated magnifier ÖKOLUX plus is the ideal basic care for the visually impaired.

3 individual light colors to choose from (warm white - 2700 K, neutral white - 4500 K and cold white - 6500 K)

Magnifications 2x to 14x

Incl. microfiber bag for storing and cleaning

Modular LED

Battery-powered illuminated magnifying glass with three 4-chip LEDs in 3 light colors

The MODULAR LED illuminated magnifiers have interchangeable magnifier heads and allow you to work freely under the lens - ideal for small repairs or manual and writing work. The tilting device, which allows both right- and left-handers a comfortable angled view, provides more comfort.

- 3 individual light colors to choose from (warm white - 2700 K, neutral white - 4500 K and cold white - 6500 K)

- Uniform, high-contrast illumination

- Magnifications from 1.5 to 7x

- Interchangeable magnifier heads

- Hands-free work under the lens

- Tilting and tilting device

- Incl. microfiber bag for storing and cleaning
